DAY AT THE BEACH

Our structured surf lessons help young people to develop new skills and test their boundaries in a fun, exciting and supportive environment. Our adventures are designed to encourage healthy lifestyles and support mental and physical wellbeing through a personal, social, health and emotional (PHSE) approach

SUPPORTING WHAT YOU ARE DOING IN THE CLASSROOM

Life is not just about what we learn, it's about how and where we learn. There is a wealth of evidence which clearly demonstrates the benefits of learning outside the classroom. Here are some of the ways we can support the great work you do at school and in the community

BENONE

Our innovative beach based classroom is the perfect setting for some creative learning, allowing children to take a time out from screen time or a great venue for an end-of-term celebration.

CASTLEROCK

Environmental sustainability is a key consideration within Long Line. Castlerock offers a train station within walking distance to the beach and if you find yourself within walking distance of a local station we can offer our services from this beach to help with budget.
